50 Years of Rocky Pride

The stadium was built in 1929. October 5 was the day chosen to celebrate the birth of our stadium. In 1929, before the stadium was built, the place where it stands now was a cow pasture where a brick yard had once been.

Rocky's first game was against Grant high school of Cedar Rapids. The Rocks won with a score of 6-0.

The stadium was built in eleven months, and holds 14,000 spectators. The field is the largest high school athletic stadium in the state of Illinois.

The students of Rock Island High School, as well as the faculty members and citizens of the Quad Cities have grown to honor and respect our stadium.

50 years of homecoming fun

The week of 1979-80 homecoming was one of memories, and good 'ole fashioned fun. Class assignments were pushed aside for homecoming enthusiasm. For the ones who didn't participate physically, spectating was sufficient satisfaction. A Volkswagon race, egg toss, wagon race, and jello eating contest were events that the student body and faculty enjoyed during the week.

Rocky students push for a victory in the Volkswagon race.

Jeff Robb devotes his concentration to a raw egg in the egg toss.

Chris Iverson manages to grasp the egg safely.

This was the second year for the jello-eating contest. Many students participated, and at the homecoming assembly, the two final contestants competed for the final "slurp" down.

The returning champion, senior Nick Pappas, raced sophomore, Bill Smith. Bill Smith proved to be the fastest "slurper" at Rocky.

Enthusiastic Rocky Students enjoy the Volkswagen race as a different outlook on school activities.

Nancy Weeks puts on a sad face in her character as one of Rocky's homecoming clowns.

The Homecoming Court of 1979-1980 is from left to right: Liz Romeo, Jim Coster, Lisa Motz, Mike Long, Cathy Newcomb, Queen; Liz Anderson, King; Brad Bawman, Regina Black, Dean Armstrong, Debbie Galex, and Bill Tingle. Missing from picture is Craig Allison.

The floats from top to bottom belong to: the senior class, sophomore class, and junior class.

The winning float this year was the freshmen float, a combined effort of East and West campus.

. . . And the fun goes on

Students strive for success

The girls' powderpuff game was senior girls against junior girls. This game once again proved to be a success. The senior team won with the score being 7-0.

Some of the more comic minded male students dressed and portrayed the part of cheerleaders. The coaches of the two teams especially enjoyed the affair. They were involved in togetherness, or "team work" during the activity.

Liz Anderson is being crowned homecoming queen by last year's queen, Mary Love.

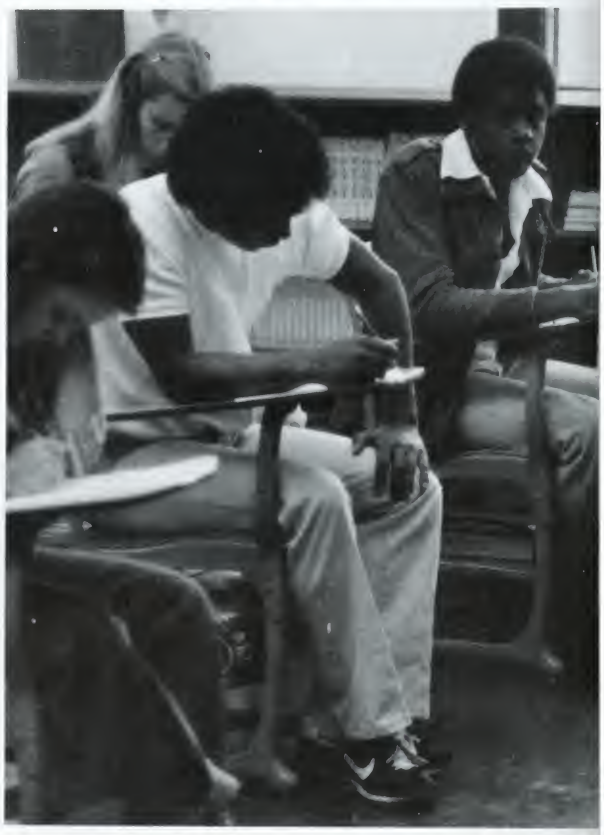
Bill Tingle and his band perform for the homecoming assembly.

The senior girls celebrate victory.

We all wonder where education may lead us, especially high school. It's not just the books and term papers; it isn't the finals we live for, it's the social aspect of it. It's people of all sizes, problems and challenges of all kinds. Some day, maybe not for a long while, we will see the purpose and appreciate the importance of our lives at the Rock. The frustration turns to relief, the tears turn to laughter, as life at the Rock is experienced.

Remembering yesterday

Hard work and determination best describe Rocky students. There are times when friends can talk and have fun. The most important thing is that they can grow in the community as a unique individual.



Students at the Rock strive to finish at the top. Struggling through the day, working hard at night, and cramming for final exams at the end of semesters is extremely familiar to Rocky students. At the end, a mark is made and the countdown goes on to finish high school. Some may further their education, and others will get jobs, but all will remember their days at Rock Island high school.

Ylva Bremberg, a foreign exchange student from Sweden, enjoys her American Science class.

Doug Miers and Cathy Voss show concern in the powder puff game.

A parade wouldn't be the same without a drum.

ATHLETICS

Rock Island High School offers many areas of athletics to promote interest to athletes, students, and fans. Each year, hundreds of students participate in eighteen sporting events; nine for men and nine for women. Besides devoting endless hours and never-ending amounts of energy, each athlete will benefit from new outlooks as a result of athletic experiences.

Most of them will have developed pride in themselves, pride in the school, and the desire to win. Sports gives students the chance to have a good time and show the community the quality of Rock Island High School.

The athletes maintain an average or above grade point, and many also hold jobs.

Athletics is more than running down the floor, or hitting the ball; it's competition, friendship and an opportunity.

Running Back Eric Reed gets some good leadblocking from Guard Tom Gannon.

In the words of Hugh Johnson, head varsity football coach, the 79 season was a "GOOD SEASON" at 6-3. The Rocks started off slow with an opening loss to Davenport Central, 27-2, but over the next four games the Rocks offense literally exploded to score 130 points against their opponents, while the Rock defense held the opposing score to a total of 48 points.

The '79 Varsity Team had quite a few Stand-Out players over the season, ACTUALLY THE ENTIRE TEAM, but as a yearbook staff sometimes has to do, we can only mention a few of them; Tom Gannon-Best Blocker, Most Improved; Greg Piehl-Best Defensive Player; Enrique Diaz-Best Team Man; the Tri-Captains-; Craig Allison, Greg Piehl, Enrique Diaz; Eric Reed-Most Valuable.

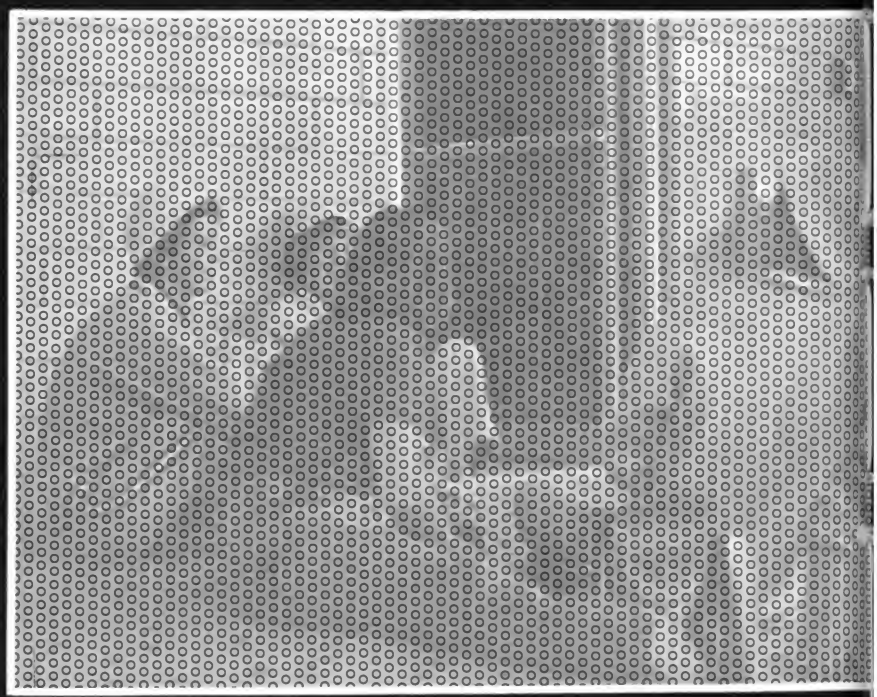
Rock Island Swimming Coaches are: R. Gilliland, L. Schoonover, and Fred Friedrichsen.



Swim members stretch out before a meet.

"Our girls were a dedicated team despite problems which would have caused girls of less quality to quit and go out for another sport. It was a real show of total committment to the team and the sport. We gave away valuable points to the other teams because we didn't have a large enough squad, and sickness and injuries plagued us all year."

What does the future hold? Coach Fredriechsen says, "It'll be hard to replace Debbie Reynolds in diving. I look forward to a great year and a larger squad next year."

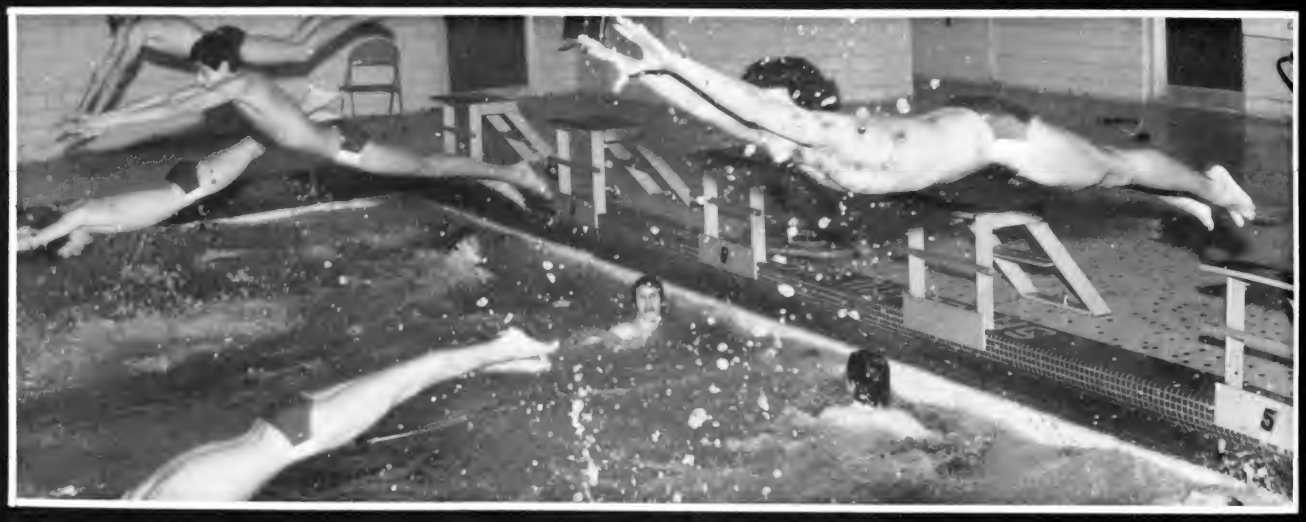
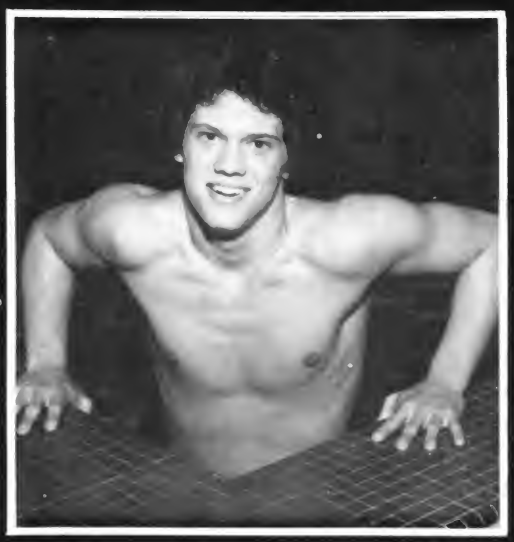
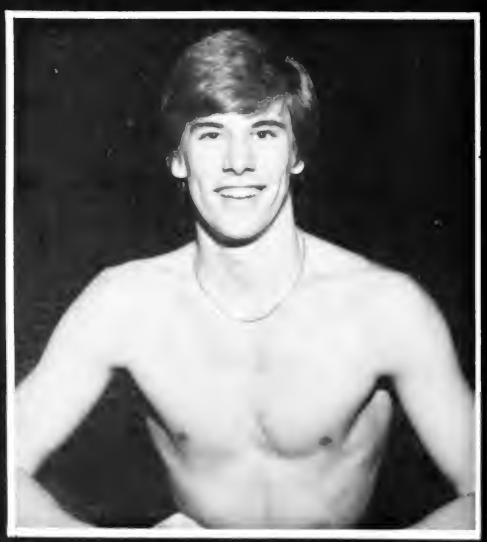
Rocky swimmers stroke to victories



A good start is essential for a good swimming time.

Senior Richard Denney backstrokes his way to victories this year.





Senior Chris Iverson shows a smile before competition.

"Seniors Alan Alverez, Richard Denney, and Chris Iverson, have made this team what it is.", stated boys' head swim coach "Jet" Johnstone. "Not only with their swimming ability, but also with their team leadership, which is just as important."

This season, along with the three seniors, the Rocky swimmers were led by underclassmen Joe Brewett, Matt Lohfgren, Tab Smith, Rob Humphrey, and Ted Niemann.

The swimmers relied on their 200-yard medley relay, and their 400-yard freestyle relay teams to rack up the points. Coach Johnstone feels that these two relay squads could fare well in the state competition, along with a few individuals from the squad.

The Rocky Swimmers were coached by "Jet" Johnstone, while the divers were under the supervision of Rick Gilliland.

Swimteam members are: ROW 1: Kevin Miflin, Terry Lindholme, Matt Lyon, Tim McKnight, Steve Galley, Jim Payne. Under second year coach Don Resler, the varsity basketball team experienced another challenging season. Even though the overall record of the squad was short of perfect, the team turned in many exciting performances.

The Rocks suffered setbacks on the team due to minor injuries and academic ineligibilities that might have changed the outcome of the cagers season.

The Rocks were led this year by Seniors Mike Long, Kelvin Rummels, Stephon Talley, Kenney Pierson, Willie Grant, and Tom Thoms. While Junior Wayne Steele ran the Rocks offensive attack.

Rock Island's basketball program will again be in a rebuilding stage next season, since a large number of this year's squad will be lost to graduation.

Patience and ball-control were the key factors in the offense. Head coach, Les Sammon, and assistant coach, Mike Kiss, were exceptionally pleased with the unselfishness exhibited by all the players.

Players seeing a lot of action this season were Ron Hall, Craig Yeocum, and Michael Johnson at point guard; Tom Eagle, Craig Patrick, and Kenny Teague at the wing positions; and Pat Appleman, Craig Sharp, and Glenn Elston at post positions.

Seniors spark successful season

The 1979-80 wrestling squad finished another fine season under the direction of Head Coach Walt Gerber and assistants Bill Burrus and Rocco Carbone.

In the light-weight classes this year, the wrestling Rocks lacked experience as well as depth, which played a major part in some of the team's setbacks this year.

The middle and upper weight class matches were dominated by the Rocky squad. Starting with the 132 pound weight class, featuring Richie Sheley and continuing through Stanley "Sir Death" Reed at the 185 level.

Other grapplers in the dominated classes include Nick Pappas at 138 pounds (most of the time), Kerry Jones wrestling at the 145 pound level, handling the chores at 155 was Enrique Diaz. At the 167 pound class, duties were divided among three stand-out wrestlers, Arnold Barnett, Erron Livingston, and Eric Livingston. All of the wrestlers mentioned above are seniors, with the exception of Barnett, who is a junior.

The Rocks once again had an excellent season, finishing behind only Moline in the Western Big Six, and taking top finishes in the invitationals the Rocks visited.

Wrestling coaches, Rocco Carbone, Bill Burrus and head coach, Walt Gerber led the grapplers to another successfull season.

Golfers lack experience . . .

Freshman Mary Edwards practices in the sunshine.

The two SWINGING SENIORS are: Beth Sedgwick, and Jodi Schoeck.

For the Girls Golf Team, the fall of '79 opened up tremendous horizons. Lead by three returning lettermen and new coach Dale Stover, the Rocks brought their season record up to 3-8. Mental endurance and self discipline are two of the most important factors a golfer must have in order to succeed. This year's golfers proved that they had what it takes to be winners.

The main factor that held the team back this year was a lack of experience. Only one member of the team had played more than two years.

Led by Jodi Schoeck, who captured an overall 4th Place victory, and Kim Boeye, who held 6th place, the Rocks captured 4th place in the Western Big 6 Conference. Despite the inappropriate weather at District, the girls managed to shoot their best nine hole team score of the season. After losing a Sectional bid at District to East Moline by one stroke, two of the girls made it to Sectionals. These two put forth a lot of effort, and it showed as Jodi Schoeck came in 10th place, and Kim Boeye ended up 15th.

It all comes to an end much to soon, but the year will never be forgotten with all of the roads traveled, friends made, and good times had by all.

But still have talent!

The Girl's Golf Team Members are: Coach D. Stover, M. Edwards, K. Boeye, J. Schoeck, B. Sedgwick, S. Henneman, P. Sedgwick, S. LeBow.

A large turnout of freshmen and sophomores also supplied strong support for the team.

With the winter sports starting, they picked two more squads of cheerleaders; one for basketball, and the other one for wrestling. The Varsity basketball cheerleading squad helped to cheer the crowd on by adding two male cheerleaders.

Rocky Bowlers strike their way through season

With six of the top ten bowler returning from the District Championship team of a year ago, the 1979-1980 girls' bowling team is looking for a great season. Lori Miller, Rhonda Milligan, Robin Inch, Benita Ramsey, Beth Hanson, and Cathy Decker should provide a good nucleus for a strong team. Newcomers Debbie Morehead, Kathy Rossow and Vickie Burton will also challenge for the top positions.

Something special, **PRIDE.**

The year of 79-80 at Rocky was a memorable one. Looking back, we see the happy times and the sad. We will remember the times of expectations and satisfaction of accomplishments. Homecoming brought smiles, cheers, frustrations at parade-time, and many memory-making events.

A great way to end a decade!

PEOPLE

ACADEMICS

Education at R.I.H.S. spans the spectrum from academic courses for remedial skills in such fundamentals as Basic Math and Reading Improvement to advanced placement courses like College English and Studio Art from which a student may gain college credit or advanced standing in college. Within this spectrum are such diversified offerings as vocational-technical training of many kinds with on-the-job experience in several fields, drama classes, vocal music classes, and instrumental music classes.

A print shop, a swimming pool, an electronics lab, a foreign language lab, science labs, car mechanics and auto body shops, gyms with many of the P.E. trimmings like an indoor track and a weight-lifting room, sewing labs, cooking labs, and special education facilities — all add to the amazing opportunities Rocky has for educating "the whole child."

When our students need the attention of a nurse, a counselor, or a speech therapist to support the educational process, Rocky has these specialists here to help.

Some of the subjects covered are: personal and social relationships, basic nutrition, and food preparation for a single person. How to shop wisely, furnishing, decorating an apartment and learning to budget are also learned. Besides these, there are units concerning clothing selection and repair.

This year Rock Island High School is pioneering another new program aimed at improving student-school relations. Rocky is the first area school to employ a staff of truant officers. Their purpose is not to "scare" students into attending school, but to be special friends to those students who have attendance problems and encourage them to come to school. They also find professional counseling for students with family-related truancy problems. Though it has declined over the past several years, Rocky's attendance is on the rise with the advent of the program.

In memory of
Rose Ann Bjorkman

Rose Ann Bjorkman was truly a teacher in the finest sense of the word. She was an inspiration.

For a teacher, there is no greater honor than to hear a former student say of her "that teacher changed my life. . . she helped me to become what I am". Miss Bjorkman changed lives for the better. . . she insisted that students be what they could be. . . . that they be proud of themselves and their accomplishments.

Just as parents live on in their children, so teachers live on in their students. While we are distressed that we will not see her again in the classrooms and halls, we who knew her, joyfully remember what she has given us. We can show other students, other teachers, other friends the positive outlook that she instilled in us. We can share with others the special knowledge she had in food service, using what she taught us to become better at our work.

We can value, as she did, each person we meet. . . by encouraging people to be the best within their ability and to be proud of that ability. We will keep her memory with us always.

Being a senior at Rock Island High means knowing the feeling of achievement, readiness and pride.

The three years are filled with memories of winning football teams and basketball teams, having more National Merit Scholarship winners year after year than other area schools, and all the pride of saying, "I am part of the **Rock**!"

We feel prepared to step out into our futures-whether we have gone through college prep or occupational training. The world outside holds many new opportunities and challenges for which we are prepared. We have achieved an end and gained a beginning through our memories and our preparations at the Rock.

Rock Island High School
Diploma

As juniors, we should take much pride in Rock Island High School. We approach our meridian year of high school life, waiting for the glorified liberations day of graduation. While this goal is yet another year from our means, we should take stock of what our school has to offer: scholastic achievements, musical overtones, athletic events, club activities, and a host of other hospitalities, including programs for most interests, and interest in the growth of its individual students.

We should take pride in our unique and collective offerings. Let us work together for the best school in all respects and strive to perfect it for next year and the following years.

Mary Pauwels dresses the part of a clown in the Homecoming Parade.

Throughout our younger lives we have longed to be a part of Rock Island High School. As Sophomores, on the first part of our journey through the years ahead, we expect much of high school life.

When we began the school year, we had many mixed emotions, and every new experience brought on frustration and curiousity.

The sophomore year at Rock Island High School has many beginnings and each student must find a place in his new school. We then may take a moment to realize that "a piece of the rock" is finally ours.

Hard work and dedication went into the production of your yearbook, making it something you can enjoy and cherish as long as memories last. It's our graduation gift to you - keep Rocky Pride alive for another 50 years.

Other areas of concentration include engraving, silk screening, rubber stamp manufacturing, perforating, and job estimating. High School Bowl was composed of 15 intelgent students. The members met Thursday mornings before school to practice for meets with teams from other schools. The objective of these competitions is to match students who possess mental agility and quick recall. One series of meets was televised over channel 6; others were held at Streator and Wenona high schools. High School Bowl is a competitive "fun" activity.

Chris Hathaway patiently awaits the outcome of the match.

Down-home Dave Barnett relaxes while studying some game strategies.

In Tri-County League play, the chess team met Sherrard, Alleman, North Scott, Bettendorf, Assumption, and Davenport West. The Rocks played each team twice, once in the fall and once in the spring, finishing with the League Championship Tourney in March. The Rocks hosted this year's Boulder Dash in February. Orchestra strings along

Maintaining the musical tradition of masters like Bach and Brahms is not the only function of the members of the orchestra — they also play pop and show tunes showing their versatility. Several concerts are performed each year and individual members have an opportunity to take part in All-District and All-State Festival, Mississippi Valley Festival, and solo and ensemble contest. The orchestra consists of 21 strings combined with wind and percussion players for a full orchestra of 45 members. A highlight of the year comes when they form the pit orchestra for the annual spring musical. Most would agree that the orchestra provides a musical experience that is hard to find elsewhere.

Flags and cadre enhance the band

In addition to bringing a touch of their own particular brand of excitement to the home football games, the Marching Rocks also competed against other bands in various cities in the state. The long hours of practice and hard work paid off as the band added four more trophies to their collection. The color, sound, and pageantry of the Marching Rocks must have impressed the judges: they placed first in the homecoming parades at Western and Northern Illinois Universities, coming in ahead of 40 other bands. The band members also entered field show competitions for the first time this year and they brought home two third place trophies for their efforts.

JAZZ BAND

Besides providing music at several home concerts this year, the jazz band members also played in jazz festivals and competitions in other towns. The music included rock and some disco, along with the arrangements of some of the most famous jazz bands of our time. The jazz band was also frequently called upon to provide music for festivals and pageants and other events in the community.

PEP BAND

Basketball games just wouldn't be the same without the spirit and entertainment provided by the members of the pep band. Numbering 34, they brought their own blend of pop, disco, and unusual music to every home game. The pep band was a completely volunteer organization and their attitude and dedication was welcomed by all.

Individual members of the band take part in the Augustana and Quad-Cities Honor Band Festivals and solo and ensemble contest. A number of the band members also add distinction to our band through their participation in the All-District and All-State Festivals held each year. Equally adept at Bach or Rock, the concert band provides the backbone for all the bands, from pep band to marching band.

The students of Rocky remembered the year of 79-80 with pride and prestige. We struggled from the beginning for some things, and others were taken with ease.

We remembered being interrupted in class with the constant noise of installing the fire doors, halfway through the school year.

We rushed to class, trying to get used to the new 'one tardy-one detention' rule. As we slid into class seconds after the bell stopped ringing, only to run into the teacher holding the attendance sheet with a circle around our names, and a heart-warming smile, we were ready to turn in our books.

The senior 'alarm clock' trick brought excitement for awhile, but ended in disappointment when we were let out earlier than expected because of a faulty water main, on the day before Thanksgiving vacation.

We were hit with new rules not only from our Principal, but from our President. President Carter requested that all thermostats be set at 65, this brought shivers and a few blankets to school.

Every senior will recall the confusion of their Homecoming, but they made the best of it, and had a good time anyway. The class of '80 experienced having the Homecoming dance at the Rock for the first year. This provided for a new atmosphere.

Rock Island High School is not just a part of history but part of tomorrow. Through the years, Rocky has created individuals of pride. When anyone entered Rock Island High School, they attracted a gift of creativity, and honesty.

Alan Alverez proudly displays his workmanship in the grandfather clock he constructed for his shop class.

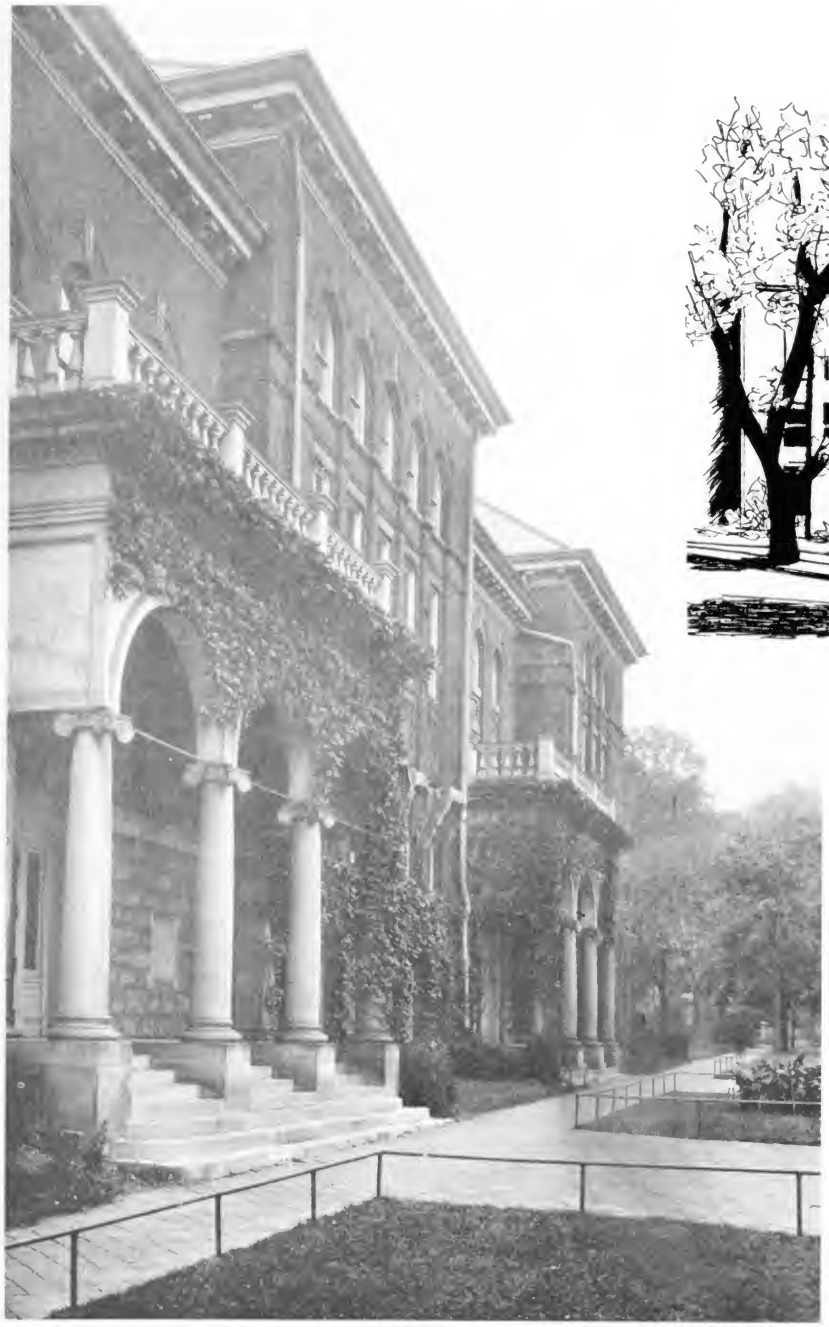
The day was fresh and new. Spring was in the air. The warm breeze danced through the windows. A hidden excitement filled everyone. They wanted to get outside and enjoy the birth of spring, but they were temporarily contained. Even the building burst with excitement. Windows and doors operated again, at times, remaining open all day.

The clouds wrapped the sun like an opaque candy wrapper, causing overcast, slight depression and some disappointment. Then the wrapper dissolved, the announcement of sighs, the arrival of smiles, and the smooth, melting sensation of the yellow and orange candy was swallowed by the eyes of nature.

The flag, used, worn, yet respected, swayed in the wind. It would see another spring.

Only one thing remains, and will endure forever-the memory which thrives in the students and remains in the soul of the school.

Rock Island Schools rich in tradition



The ivy-covered entrance of the Old Main high school made it one of the more impressive sights of Rock Island.

The high school consisted of two buildings. Most classes were held in Old Main, with additional classes in the Manual Arts building, located at 21st street and 6th avenue.

In 1937, the present high school was constructed. Old Main then became Central Junior High. The Manual Arts building became the Administration building, with some classrooms.

On Sunday, December 11th, 1949, at 7 p.m., fire destroyed Old Main. This was the third high school in 91 years to be destroyed by fire. The fire rivaled many football games as an attraction. Over twenty thousand people gathered to watch the building being engulfed in flames.

Destroyed in the fire were: student records, photographs of previous graduating classes, as well as books and other equipment. Cost of replacing the school was estimated at approximately one million dollars.

After the fire, junior high students were transferred to the senior high school until the reconstruction of Central Junior High was completed.

When Rock Island senior high school was constructed in 1937, it was one of the most outstanding high schools in the state. The building consisted of general classrooms, a fine gymnasium, a large, well-equipped library, and auditorium seating 1600, and a LIttle Theater for smaller productions.

The Auditorium and the Little Theater comprised probably the most exceptional unit of Rock Island's new high school building. The Little Theater was decorated and fashioned after the modern theaters of the day. The walls of the auditorium along the bottom were lined with oriental wood veneer, of logs for which were imported from Australia.

The Southwest wing was added in 1958. It featured a 6,000 capacity fieldhouse, which was the most outstanding in the state at the time. A swimming pool, the Home Economics, Driver Education, and Foreign Language departments were included in these wings, as well as the student lounge area.

In 1967, the four-story Northwest wing was added. It contained an excellent band complex, classrooms, and well-equipped Science and Art departments. The Vo-Tech building was built in 1972.

Rock Island Public Schools Stadium - 1929-1980

In 1929, the Rock Island Public Schools stadium was completed. Today it is unusual for a high school to have a bowl-type stadium, but in 1929, it was way ahead of its time.

"Shorty" Almquist, former athletic director of Rock Island high school, who took part in the ground-breaking ceremonies, said, "I thought the people had rocks in their heads at the time, building a big stadium like that, so far out of the residential area; it didn't seem too smart to me. But the people responsible proved to be pretty far-seeing. It's been a wonderful facility for R.I.H.S and it will be for years to come."

When the stadium was finished, the football players had to travel from downtown, where the old school was located to practice every night. Students usually walked or rode their bicycles. It was quite a jaunt for athletes to travel every evening for practice, and being as far out of the way as it was from homes, it was somewhat of a trip for spectators also.

Rock Island won their first game in the new stadium against Cedar Rapids Grant High School, 6-0.

The stadium was built to hold 14,000 fans. Contractors designed a complex draining system, capable of accomodating floods or extremely dry weather, preventing improper drainage and cracking of the track.

Rocky's stadium is surrounded with fur trees that have grown with years, and are now a natural, dark green fence around the north end of the bowl.

Anyone who has attended a football game at the Rock knows to go to the bottom of the stadium when the wind gets rough, and the night wears on, making it colder. As you start to get warmer, you begin to sympathize with the bare-legged flag girls from the band.

The stadium, named the Rock Island Public Schools Stadium in a contest held by the ARGUS, has provided for the school system for 50 years, not only for football but for track and field meets, lantern parades, and annual commencement exercises. Costing $175,000, and holding the title of one of the finest in the country, the Rocky stadium has served as a spectacular investment.
